

SUPPORT

SURREY UNITED

SOCCER CLUB

COMMUNITY SUPPORT PROGRAM

Surrey United is comprised of both recreational and competitive levels of soccer, with male and female participants ages 5-55+, spanning a number of demographics and socio-economic groups. We believe strongly that all individuals should have the opportunity to play soccer at the level that suits them best, regardless of their circumstances.

As such, we have implemented our **Community Support Program** wherein resources go towards players who are unable to meet the expense of annual fees and any other associated costs of participation. This includes, but is not limited to, registrations, program fees, travel, uniforms and equipment.

Growing our Community Support Program is of great importance for the Club so we can continue to provide an equal opportunity for all to play. We are proud to support our community by providing an opportunity for individuals to participate who would not otherwise have the means to do so. The Club's goal is to further provide youth players scholarship opportunities and a chance to gain a variety of life skills obtained through involvement in sport they will carry into their futures.

CLUB INFORMATION

SURREY UNITED HISTORY

Surrey United Soccer Club (SUSC) was first formed in 1968 and was comprised of only six teams. With such a small Surrey population at the time SUSC covered all areas of the city excluding Guildford and Whalley.

In the 1970's, SUSC pioneered the first mini soccer program that is now one of the fastest growing programs in youth soccer. In 1994, the club forged an affiliation with an existing adult organization and that subsequently transformed the club into the first fully integrated soccer club in British Columbia offering a full range of soccer programs for all ages and genders.

Headquartered at Cloverdale Athletic Park with top quality facilities it is the envy of most of the local soccer community. Presently, SUSC has a continually expanding membership in excess of 2,300 players from just over 400 players in 1994.
